Our Reach

Now **600 fellows and alumni** strong, the GHC network represents **30 countries worldwide**. Currently working in the **US, Rwanda, Uganda, Zambia, and Malawi**, fellows are strategically placed in areas where their leadership and skills can help reach a critical mass and strengthen the movement for health equity.

We will expand to a new region when we have reached a **tipping point of leadership and talent** in our current focus countries.

What are the 20 experiences every GHC member must have?

1 The experience of seeing the system	2 The experience of reframing	3 The experience of generating a powerful future view	4 The experience of knowing what to tackle
5 The experience of building the coalition	6 The experience of casting the right team members	7 The experience of diffusing opposing forces	8 The experience of empathy for citizens, providers, players
9 The experience of designing the system	10 The experience of prototyping	11 The experience of confronting failure	12 The experience of helping others see the way forward
13 The experience of helping others see potential in a prototype	14 The experience of designing the conditions for success	15 The experience of thinking about scaling	16 The experience of creating a movement around an idea
17 The experience of attracting attention and funning	18 The experience of using the GHC alumni for greater good	19 The experience of sharing wisdom with others	20 The experience of influencing the most powerful people on earth
